- Architected and managed the development of the Hacker-news-app learning platform, streamlining content management with API integration;

Quiz-app

Aug 2023 — Sep 2023

[Link](#)

- Developed a quiz app implementing key features using [React.js](#), [CSS](#), [UI](#) and [API](#) Spearheaded the development and standardization of question categories, resulting in a 50% increase in user engagement.
- Implemented a comprehensive categorization system for question features, resulting in 10% reduction in customer support response time and overall improvement in customer satisfaction by 80%.
- Deployed the website using [Vercel](#) for fast and reliable delivery worldwide.

Messenger-clone

Oct 2023 — Nov 2023

[Link](#)

- Developed a high-performance Messenger clone using [Next.js](#), [Node.js](#), [Typescript](#) and [MongoDB](#), integrating [Prisma](#) for streamlined data storage and ensuring data reliability.
- Ensured the app's compatibility across multiple platform using Tailwind CSS for achieve seamless responsive design and optimize for a consistent user experience.
- Implemented Pusher for real-time bi-directional communication between user to enhancing user experience with real-time messaging, group-chat, and read receipts;

Notion-clone

Nov 2023 — Dec 2023

[Link](#)

- Elaborate and utilize a feature-rich note-taking applications using [Next.js](#), [Node.js](#), [Typescript](#) and [Convex](#) for efficient data storage and reliability.
- Implemented core functionalities such as editing, creating and deleting notes.
- Used a robust search functionality for quick access to specific note.
- Using the adoption of Tailwind CSS framework, enabling the development of highly responsive design that enhanced user experience, resulting in a 70% increasing rate and a 50% boost in mobile traffic.

Coding Profiles

[GFG](#)

[Leetcode](#)

[HackerRank](#)

EDUCATION

Asansol Engineering College

July 2021 — June 2025

Bachelor of Technology in Computer science and engineering — 8.7 CGPA

Asansol, West Bengal

Coursework: Algorithms and Data Structures, Operating System, Database Management Systems, Computer Networks.

B N Collegiate, Patna

April 2019 — April 2021

Senior Secondary — 83%

Patna, Bihar

ACHIVEMENTS

- Got highest rank 11th in College on [Coding Ninjas website](#).
- Solved [1000+ Questions](#) across different coding platforms.
- Get Multiple Star on [Hacker Rank website](#).
- Organized and coordinated the [Science club](#) in College.

CERTIFICATIONS

- Problem Solving certificate on [Hacker Rank website](#).June 2023
- C# Basic certificate on [Hacker Rank website](#).June 2023
